

ATLANTIC OCEAN RA1 WITH CEILING ELEMENT PVC

FUNCTION DESCRIPTION

Programme 1: Fog Shower with aroma

After the start of the programme by a button, the light in the shower changes from white to blue. A cold, refreshing Fog with very fine droplets starts to spray and a minty, cooling aroma fills the air. In a distance you hear the roll of thunder. After the end of the programme, the illumination changes back to white, the Fog and the sound are switching off.

Programme 2: Atlantic Ocean

The programme starts with a warm Drizzle Rain. The illumination in the shower changes to a red-green-blue colour change. In a distance you hear the sound of waves and sea. After an adjustable time an additional Fog cools the temperature down. A minty, refreshing aroma fills the air. In the last step of the programme the cold Fog is replaced by a warm Tropical Rain.

Programme 3: Tropical Rain with aroma

After the start of the programme by a button, the light in the shower changes from white to red. A warm Tropical Rain with big, smooth drops patters onto the guest in the shower. You hear birds tweeting and a fruity, lively aroma fills the air. After the end of the programme, the illumination changes back to white, the Tropical Rain and the sound are switching off.

Programme 4: Caribbean Rain

After the start of the programme by a button a warm String Rain starts to spray. The illumination in the shower changes to a red-green colour change. You hear the burbling sound of an alpine creek. After an adjustable time a warm Tropical Rain with big, smooth drops increases the water volume. A fruity, lively aroma fills the air. Then the rain gets weaker again and the programme lapses with the warm String Rain. After the end of the programme the illumination changes back to white, the String Rain and the sound are switching off.
